Independent Auditor's Report

To the Members of Global Health Patliputra Private Limited

Report on the Audit of the Financial Statements

Opinion

- 1. We have audited the accompanying financial statements of Global Health Patliputra Private Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs of the Company as at 31 March 2021, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (TCAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Statements and Auditor's Report thereon

4. The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Director's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other CMANDIAD contains an are required to report that fact. We have nothing to report in this regard.

AED ACCOV

Independent Auditor's Report to the members of Global Health Patliputra Private Limited on the financial statements for the year ended 31 March 2021 (cont'd)

Responsibilities of Management and Those Charged with Governance for the Financial Statements

- 5. The accompanying financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 7. Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

- 8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 9. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

Independent Auditor's Report to the members of Global Health Patliputra Private Limited on the financial statements for the year ended 31 March 2021 (cont'd)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

11. The financial statements of the Company for the year ended 31 March 2020 were audited by the predecessor auditor, Price Waterhouse Chartered Accountants LLP, who have expressed an unmodified opinion on those financial statements vide their audit report dated 25 September 2020.

Report on Other Legal and Regulatory Requirements

- 12. Based on our audit, we report that the provisions of section 197 read with Schedule V to the Act was not applicable to the Company since the Company was not a public company as at 31 March 2021, as defined under section 2(71) of the Act. Accordingly, reporting under section 197(16) is not applicable.
- 13. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 14. Further to our comments in Annexure A, as required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying financial statements;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the financial statements dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with Ind AS specified under section 133 of the Act;
- e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of section 164(2) of the Act;

Independent Auditor's Report to the members of Global Health Patliputra Private Limited on the financial statements for the year ended 31 March 2021 (cont'd)

- f) we have also audited the internal financial controls with reference to financial statements of the Company as on 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date and our report dated 06 September 2021 as per Annexure B expressed unmodified opinion; and
- g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - the Company does not have any pending litigation which would impact its financial position as at 31 March 2021;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2021;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2021; and
 - iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report of even date to the members of Global Health Patliputra Private Limited, on the financial statements for the year ended 31 March 2021

Annexure A

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress, right of use assets and intangible assets.
 - (b) Property, plant and equipment have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the property, plant and equipment is reasonable having regard to the size of the Company and the nature of its assets.
 - (c) The title/lease deeds of all the immovable properties (which are included under the head 'property, plant and equipment' and 'right of use assets') are held in the name of the Company.
- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies between physical inventory and book records were noticed on physical verification.
- (iii) The Company has not granted any loan, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order are not applicable.
- (iv) In our opinion, the Company has not entered into any transaction covered under Sections 185 and 186 of the Act. Accordingly, the provisions of clause 3(iv) of the Order are not applicable.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of Company's services. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.
- (vii)(a) The Company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, goods and services tax, cess and other material statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.
 - (b) There are no dues in respect of income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax and goods and services tax that have not been deposited with the appropriate authorities on account of any dispute.
- (viii) The Company has not defaulted in repayment of loans or borrowings to any bank during the year. Further, the Company has no loans or borrowings payable to a financial institution or government and no dues payable to debenture-holders during the year.

Annexure A to the Independent Auditor's Report of even date to the members of Global Health Patliputra Private Limited, on the financial statements for the year ended 31 March 2021 (cont'd)

- (ix) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments). In our opinion, the term loans were applied for the purposes for which the loans were obtained, though idle funds which were not required for immediate utilisation have been invested in liquid investments, payable on demand.
- (x) No fraud by the Company or on the Company by its officers or employees has been noticed or reported during the period covered by our audit.
- (xi) The provisions of Section 197 of the Act read with Schedule V to the Act are not applicable to the Company since the Company is not a public company as at 31 March 2021, as defined under Section 2(71) of the Act. Accordingly, provisions of clause 3(xi) of the Order are not applicable.
- (xii) In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
- (xiii) In our opinion, all transactions with the related parties are in compliance with Section 188 of the Act, where applicable, and the requisite details have been disclosed in the financial statements, as required by the applicable Ind AS. Further, in our opinion, the Company is not required to constitute audit committee under Section 177 of the Act.
- (xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures.
- (xv) In our opinion, the Company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditor's Report of even date to the members of Global Health Patliputra Private Limited, on the financial statements for the year ended 31 March 2021

Annexure B

Independent Auditor's Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the financial statements of Global Health Patliputra Private Limited ('the Company') as at and for the year ended 31 March 2021, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

- 3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain

Annexure B to the Independent Auditor's Report of even date to the members of Global Health Patliputra Private Limited, on the financial statements for the year ended 31 March 2021 (cont'd)

to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### 1. Background

Global Health Patliputra Private Limited ('the Company') is engaged in the business of providing healthcare services. The Company is domiciled in India and its registered office is situated at E – 18, Defence Colony, New Delhi – 110024. The company has entered into a concession agreement with the Health Department, Government of Bihar for the development, operation and maintenance of super-speciality hospital on public private partnership mode in Patna, Bihar.

### 2. General information and statement of compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other relevant provisions of the Act.

The financial statements for the year ended 31 March 2021 were authorized and approved for issue by the Board of Directors on 6 September 2021. The revision to financial statements is permitted by Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

### 3. Basis of preparation

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except certain financial assets and financial liabilities which are measured at fair value.

### 4. Recent accounting pronouncement

### Amendments to Schedule III of the Act

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Act. The amendments revise Division I, II and III of Schedule III and are applicable from 1 April 2021. The revised Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015, as amended, prescribes amendments for various additional disclosures. The Company is evaluating the requirements of these amendments and their impact on the financial statements.

### 5. Summary of significant accounting policies

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### 5.1 Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Division II of Schedule III of the Act. Based on the nature of the operations and the time between the acquisition of assets for processing and their realisation in cash or cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/non-current classification of assets and liabilities.

### 5.2 Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Property, plant and equipment purchased on deferred payment basis are recorded at equivalent cash price. The difference between the cash price equivalent and the total payment is recognised as interest expense over the period until payment is made.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### Subsequent Costs and disposal

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Items such as spare parts, stand-by equipment and servicing equipment are recognised as property, plant and equipment when they meet the definition of property, plant and equipment. Otherwise, such items are classified as inventory.

Capital work-in-progress includes property, plant and equipment under construction and not ready for intended use as on the balance sheet date.

An item of property, plant and equipment initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in statement of profit and loss when the asset is derecognised.

### Subsequent measurement (depreciation and useful lives)

All items of property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on a straight-line basis, computed on the basis of useful lives (as set out below) prescribed in Schedule II to the Act.

Asset class	Useful life
Building	30 years
Medical equipments	5 to 15 years
Medical and surgical instruments	3 years
Other plant and equipment	15 years
Furniture and fixtures	10 years
IT equipment	3 to 6 years
Office equipment	5 years
Electrical installation	10 years
Vehicles	6 to 8 years

The residual values, useful lives and method of depreciation of are reviewed at the end of each financial year.

### 5.3 Intangible assets

### Recognition and initial measurement

Intangible assets (software) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

### Subsequent measurement

The cost of capitalized software is amortized over a period of five years from the date of its acquisition.

### De-recognition

Intangible asset is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, when the asset is derecognised.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### 5.4 Leases

### Company as a lessee - Right of use assets and lease liabilities

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

### Classification of leases

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

### Recognition and initial measurement of right of use assets

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

### Subsequent measurement of right of use assets

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

### Lease liabilities

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these short-term leases are recognised as an expense in statement of profit and loss on a straight-line basis over the lease term.

### 5.5 Borrowing costs

Borrowing cost includes interest expense as per effective interest rate (EIR). Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period they occur.

### 5.6 Inventories

Inventories are valued at cost or net realisable value, whichever is lower. Cost is calculated on weighted average basis. Cost of these inventories comprises of all cost of purchase, taxes and other costs incurred in bringing the inventories to their present location and condition. Cost of purchased inventory is determined after deducting rebates and discounts.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

### Global Health Patliputra Private Limited Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### 5.7 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is recognized upon transfer of control of promised products or services to customers/patients in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. Revenue is measured net of rebates, discounts and taxes. The Company applies the revenue recognition criteria to each component of the revenue transaction as set out below.

### Income from healthcare services

Revenue from healthcare services is recognized as and when related services are rendered. The Company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for the services, excluding amounts collected on behalf of third parties (for example, indirect taxes).

A receivable is recognised by the Company when the control is transferred as this is the case of point in time recognition where consideration is unconditional because only the passage of time is required. When either party to a contract has performed, an entity shall present the contract in the balance sheet as a contract asset or a contract liability, depending on the relationship between the entity's performance and the payment.

### Interest income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

### 5.8 Impairment of non-financial assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

### 5.9 Foreign currency

### Functional and presentation currency

Items included in the financial statement of the company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements have been prepared and presented in Indian Rupces (INR), which is the Company's functional and presentation currency.

### Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### 5.10 Financial instruments

### Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the statement of profit and loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ('FVOCI').

### Non-derivative financial assets

### Subsequent measurement

Financial assets carried at amortised cost – A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows;
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal
  and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

### De-recognition of financial assets

A financial asset is de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

### Non-derivative financial liabilities

### Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

### De-recognition of financial habilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Global Health Patliputra Private Limited Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### 5.11 Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets and the impairment methodology depends on whether there has been a significant increase in credit risk.

### Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

### Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date

### 5.12Taxes

Tax expense comprises current and deferred tax. Current and deferred tax is recognised in statement of profit and loss except to the extent that it relates to items recognised directly in equity or other comprehensive income.

The current income-tax charge is calculated on the basis of the tax laws enacted at the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

### 5.13 Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with the banks, other short term highly liquid investments with original maturity of three months and less.

### 5.14 Employee benefits

Short-term employee benefits

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are classified as short-term employee benefits. These benefits include salaries and wages, short-term bonus, incentives etc. These are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

### Defined contribution plan

Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as defined contribution plan as the Company does not carry any further obligations, apart from the contributions made on a monthly basis. In addition, contributions are made to employees' state insurance schemes, which are also defined contribution plans recognized and administered by the Government of India. The Company's contributions to these schemes are expensed in the statement of profit and loss.

### Defined benesit plan

The Company has unfunded gratuity as defined benefit plan where the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The gratuity plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. This is based on standard rates of inflation, salary growth rate and mortality.

Discount factors are determined close to each year-end by reference to market yields on government bonds that have terms to maturity approximating the terms of the related liability. Service cost and net interest expense on the Company's defined benefit plan is included in employee benefits expense.

Actuarial gains/losses resulting from re-measurements of the defined benefit obligation are included in other comprehensive income.

### Other long-term employee benefits

The Company also provides benefit of compensated absences to its employees which are in the nature of long-term employee benefit plan. Liability in respect of compensated absences becoming due and expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Service cost and net interest expense on the Company's other long-term employee benefits plan is included in employee benefits expense. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are also recorded in the statement of profit and loss in the year in which such gains or losses arise.

### 5.15 Government grants

Grants from the government are recognised at their fair value when there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions. When the grant relates to a revenue item, it is recognized in statement of profit and loss on a systematic basis over the periods in which the related costs are expensed. The grant can either be presented separately or can deduct from related reported expense. Government grant relating to capital assets are recognised initially as deferred income and are credited to statement of profit and loss on a straight line basis over the expected lives of the related asset and presented within other operating income.

### 5.16 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present (legal or constructive) obligation as a result of past events, for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions required to settle are reviewed regularly and are adjusted where necessary to reflect the current best estimates of the obligation. Provisions are discounted to their present values, where the time value of money is material.

Global Health Patliputra Private Limited
Summary of significant accounting policies and other explanatory information for the year ended
31 March 2021

Contingent liability is disclosed unless the likelihood of an outflow of resources is remote and there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Contingent assets are disclosed only when inflow of economic benefits therefrom is probable and recognize only when realization of income is virtually certain.

### 5.17 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 5.18 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

### 5.19 Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policy. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

- a) Recognition of deferred tax assets The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.
- b) Evaluation of indicators for impairment of assets The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.
- c) Contingent liabilities At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However the actual future outcome may be different from this judgement.
- d) Impairment of financial assets At each balance sheet date, based on historical default rates observed over expected life, existing market conditions as well as forward looking estimates, the management assesses the expected credit losses on outstanding receivables. Further, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with industry and country in which the customer operates.
- e) **Defined benefit obligation (DBO)** Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

### Global Health Patliputra Private Limited Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

- f) Useful lives of depreciable/amortisable assets Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilisation of assets.
- g) Leases The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Estimates and judgements are continuously evaluated. They are based on historical experience and other factors including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Fair value disclosures

### (i) Fair value hierarchy

The following explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value. To provide an indication about the reliability of the inputs used in determining this value, the Company has classified its financial instruments into the three levels presembed under the accounting standard.

Level 1: quoted prices (unadjusted) in active markers for financial instruments.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: unobservable inputs for the asset or liability.

### Valuation techniques used to determine fair value

The fair value of the financial assets and habilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants. The following methods were used to estimate the fair values:-

- Cash and cash equivalents, other bank balances, loans, other current financial assets, trade payables and other current financial habilities: Approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Borrowings taken by the Company are as per the Company's credit and liquidity risk assessment and there is no comparable instrument having the similar terms and conditions with related security being pledged and hence the carrying value of the borrowings represents the best estimate of fair value.

(ii) Fair value of assets and liabilities which are measured at amortised cost for which fair value are disclosed

(₹ in lakhs)

There are no financial assets and liabilities which are measured at fair value through other comprehensive income.

### (ii) Risk management

The Company's activities are exposed to liquidity risk and credit risk. The Company's hoard of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Rísk	Exposure arising from	Measurement	Management
Credit risk	Loans, cash and cash equivalents and other bank balances and other financial assets measured at amortised cost	Credit entings	Diversification of bank deposits, credit limits and letters of credit
Laquidity risk	Borrowings and other financial liabilities	Cash flow forecasts	Availability of committed credit lines and horrowing
Market risk – anterest rate	Long-term horrowings at variable rates	Sensitivity analysis	Diversification of horrowings

### (a) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure.

A default on a financial asset is when the counterparty fails to make contractual payments as per agreed terms. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The Company has a credit risk management policy in place to limit credit losses due to non-performance of counterparties. The Company monitors its exposure to credit risk on an ongoing basis. Assets are written off when there is no reasonable expectation of recovery. Where loans and receivables are written off, the Company continues to engage in enforcement activity to attempt to recover the dues.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### Cash and cash equivalents and other bank balances

Credit risk related to cash and cash equivalents and bank deposits is managed by only investing in deposits with highly rated banks and financial institutions and diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Company deals with highly rated banks and financial institution.

### Loans and other financial assets

Loans and other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system are in place to ensure the amounts are within defined limits. Credit risk is considered low because the Company is in possession of the underlying asset (in case of security deposit). Further, the Company creates provision by assessing individual financial asset for expectation of any credit loss basis 12 month expected credit loss model.

### (b) Credit risk exposure

### (i) Provision for expected credit losses on other financial asset.

The Company provides for 12 month expected credit losses for following financial assets -

As at 31 March 2021 (₹ in lakhs) Particulars Estimated gross Expected credit Carrying amount net of impairment provision carrying amount at default losses Cash and cash equivalents 1,676.87 1,676.87 Other bank balances 718.97 718.97 Loans 0.90 0.90 Other financial assets 6.74

Other bank balances	1,274,28		569.21
Other financial assets	200.00	_	1,274.28
	1 200.00		200.00

### (B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its habilities when they are due.

The Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

The Holding Company also provide necessary financial support in case of any shortfall in repayment to bank.

### Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2021				(₹ in lakhs)

### H Contract balances

The following table provides information about contract liabilities from contract with customers:

	(₹ in lakhs)
As at 31	March 2020

		(₹ in laklis)
Particulars	As at 31 March 2021	As at 31 March 2020
Contract liabilities		
Advance from customers	0.04	
Total contract biabilities	0.04	-

Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract habilities are recognised as and when the performance obligation is satisfied.

III Significant changes in the contract liabilities balances during the year are as follows:	C in la	akhe\
Contract liabilities - Advance from customers	As at 31 March 2021 As at 31 March 202	,
Opening balance of Contract liabilities - Advance from customers		
Add: Addition during the year	22.69	
Less: Amount of revenue recognised during the year	(22.65)	
Closing balance of Contract liabilities - Advance from customers	0.64	<u> </u>

IV The aggregate amount of transaction price allocated to the performance obligations (yet to complete) as at 31 March 2021 is \$\circ\$ 0.04 lakhs (31 March 2020 ; \$\circ\$ nil). This balance represents the advance received from customers (gross) against healthcare services. The management expects to further bill and collect the remaining balance of total consideration in the coming periods. These balances will be recognised as revenue in subsequent period as per the policy of the Company.

Standalone summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

### Note - 39

### Lease related disclosures as lessee

The Company has entered into a concession agreement with the Health Department, Government of Bihar on 11 August 2015 for development, operating and maintenance of super speciality hospital in Patna. The agreement was subsequently amended on 16 April 2019. Under the terms of the agreement, the Government of Bihar has given land for the purpose of development of super speciality hospital and the Company is required to pay concession fee year on year for 33 years with an escalation clause of 6.5% every year and annual variable fees post commencement of operations.

This arrangement was assessed as lease arrangement. Each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Company has presented its right-of-use assets in in the balance sheet separately from other assets.

A Total cash outflow for leases for the year ended 31 March 2021 is ₹ 411.02 lakhs (31 March 2020 : ₹ 385.94 lakhs).
