“To-be” IT landscape

Home care solution

Mar: Contract; May: Requirement Gathering; Aug: UAT; Sep: Go-Live

Diagnostics Appointment

The image displays three sequential screenshots of the Medanta mobile application for scheduling a home visit. The first screenshot shows the user selecting a location (Lucknow) and a clinic (Medanta Mediclinic Lucknow). The second screenshot shows a list of lab tests: Alpha-1 Acid Glycoprotein Serum (₹1000.00), Urine Routine & Microscopy (₹1000.00), and Blood Platelet Count (₹1000.00), along with a sample collection charge of ₹100.00. The total payable amount is ₹3100.00. The third screenshot shows the user selecting a time slot for home sample pick up on July 25, 2018, with options for Morning (9:00 AM - 10:00 AM, 10:00 AM - 11:00 AM, 11:00 AM - 12:00 AM) and Afternoon (12:00 AM - 1:00 PM, 1:00 PM - 2:00 PM, 2:00 PM - 3:00 PM).

Scope

- Pin-code based service
- Prescription upload
- Order modification & cancelation
- Reorder with flexibility to change
- Notification / Reminders
- SLA & Real time order tracking
- Cross Sell
- Analytics

Go-Live: Q4

Website migration

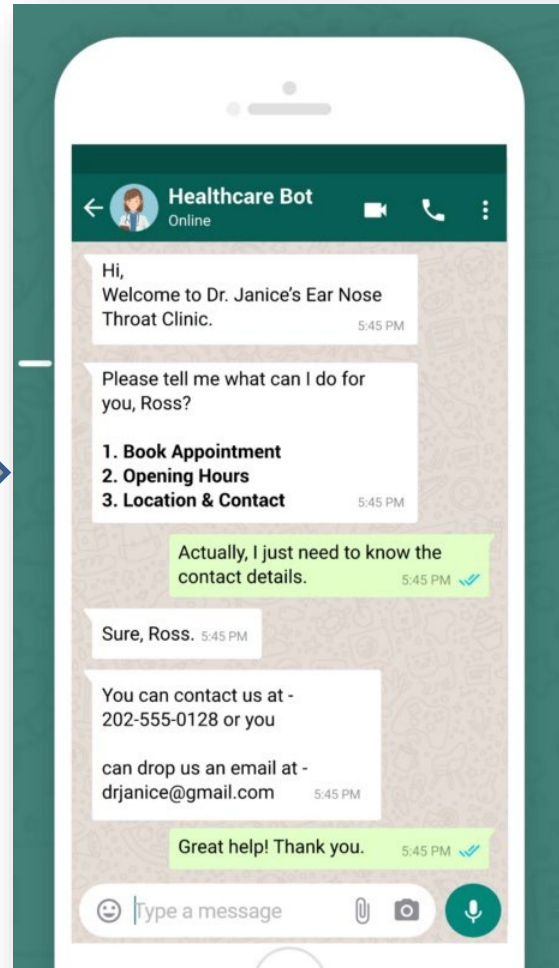

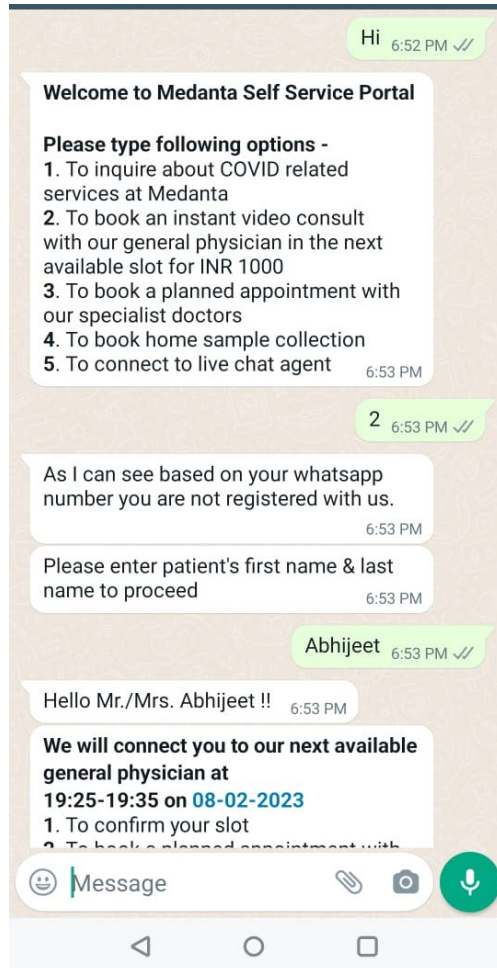

Scope & Timelines

1. More traffic
2. Improved UX
3. Better customer retention
4. Robust security
5. Segregation of transactions and information portal

Q1: Design Ready; Q2: Content & development initiated; Q3: Go-Live

Chat bot based UX for navigating & engaging patients

Scope

1. Doctors Appointments (Q1)
2. Reports (Q1)
3. Diagnostics Appointments (Q2)
4. Medication delivery (Q3)
5. Health Checks (Q3)
6. Homecare (Q4)

Better porter availability

Support for One or More Porter across common Pool in the facility

Assignment of Porter request, Allocation to nearest porter using Location aware RTLS positioning

Option for Self creation of Tasks by porters : Adhoc Tasks , Lunch breaks , etc.

Automatic Update of Arrival , complete status of Porter Request based on Porter Location

Whatsapp Alerts for longer wait time to Supervisors

Intelligent Auto Routing of Request when a porter is not responding / rejecting a request.

Live tracking of porter Movements. Battery lasts for 3 shifts on single charge

Apr: Contract; **May:** Infra readiness; **Aug:** UAT; **Sep:** Go-Live

ML based smart OPD prescription

Touch based EMR

User-friendly touch based EMR designed for fast documentation

Embedded Terminology

Automatically codes from user input and text narratives using SNOMED CT terminology

ML driven perceptive capabilities

Learns user's documentation patterns and auto sorts diagnoses, investigations and prescriptions based on user's previous documentation

Integrated scheduling and referrals

Automatically books an appointment or sends a referral to the selected team / practitioner reducing manual follow up work

Risks

Cybersecurity risks

Gaps & Priorities

Gaps creating considerable risk to be addressed in short term:

- Security risk management establishment
- Data loss prevention management
- Vulnerability management
- Security governance implementation
- Security Operation Center(SOC) set-up
- Security vendor management

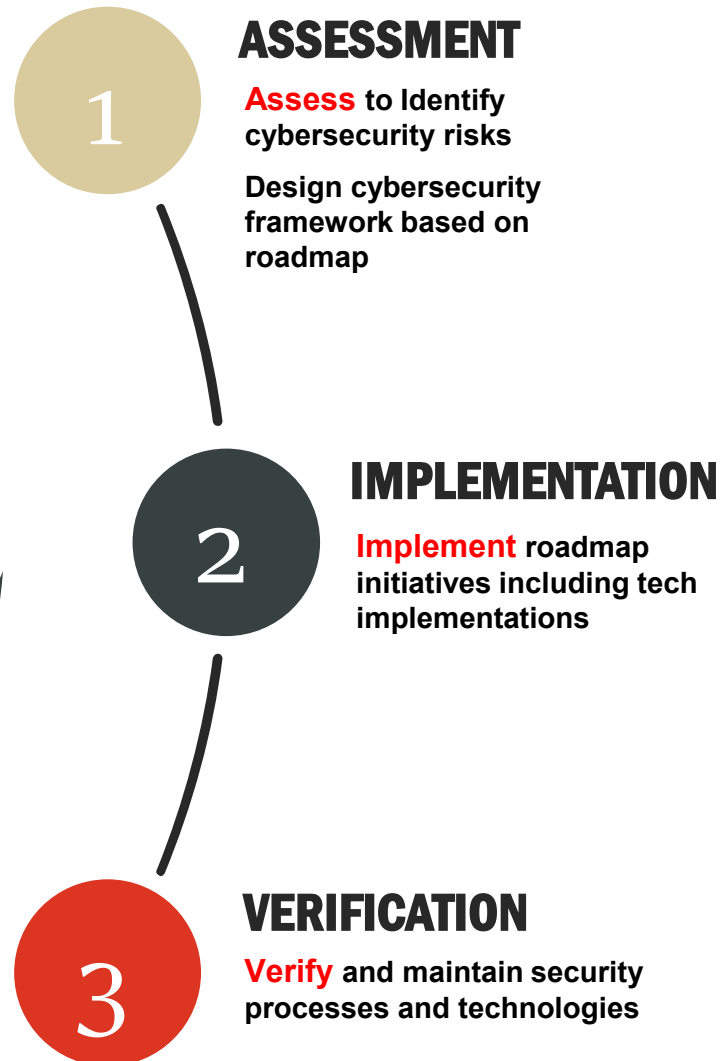

Goals

- Asses security implication
- Maintain control of IT assets from a security perspective
- Protect confidential patient data
- Maintain compliance with local laws and regulations

What we don't know we don't know

Cybersecurity Mitigation Planning

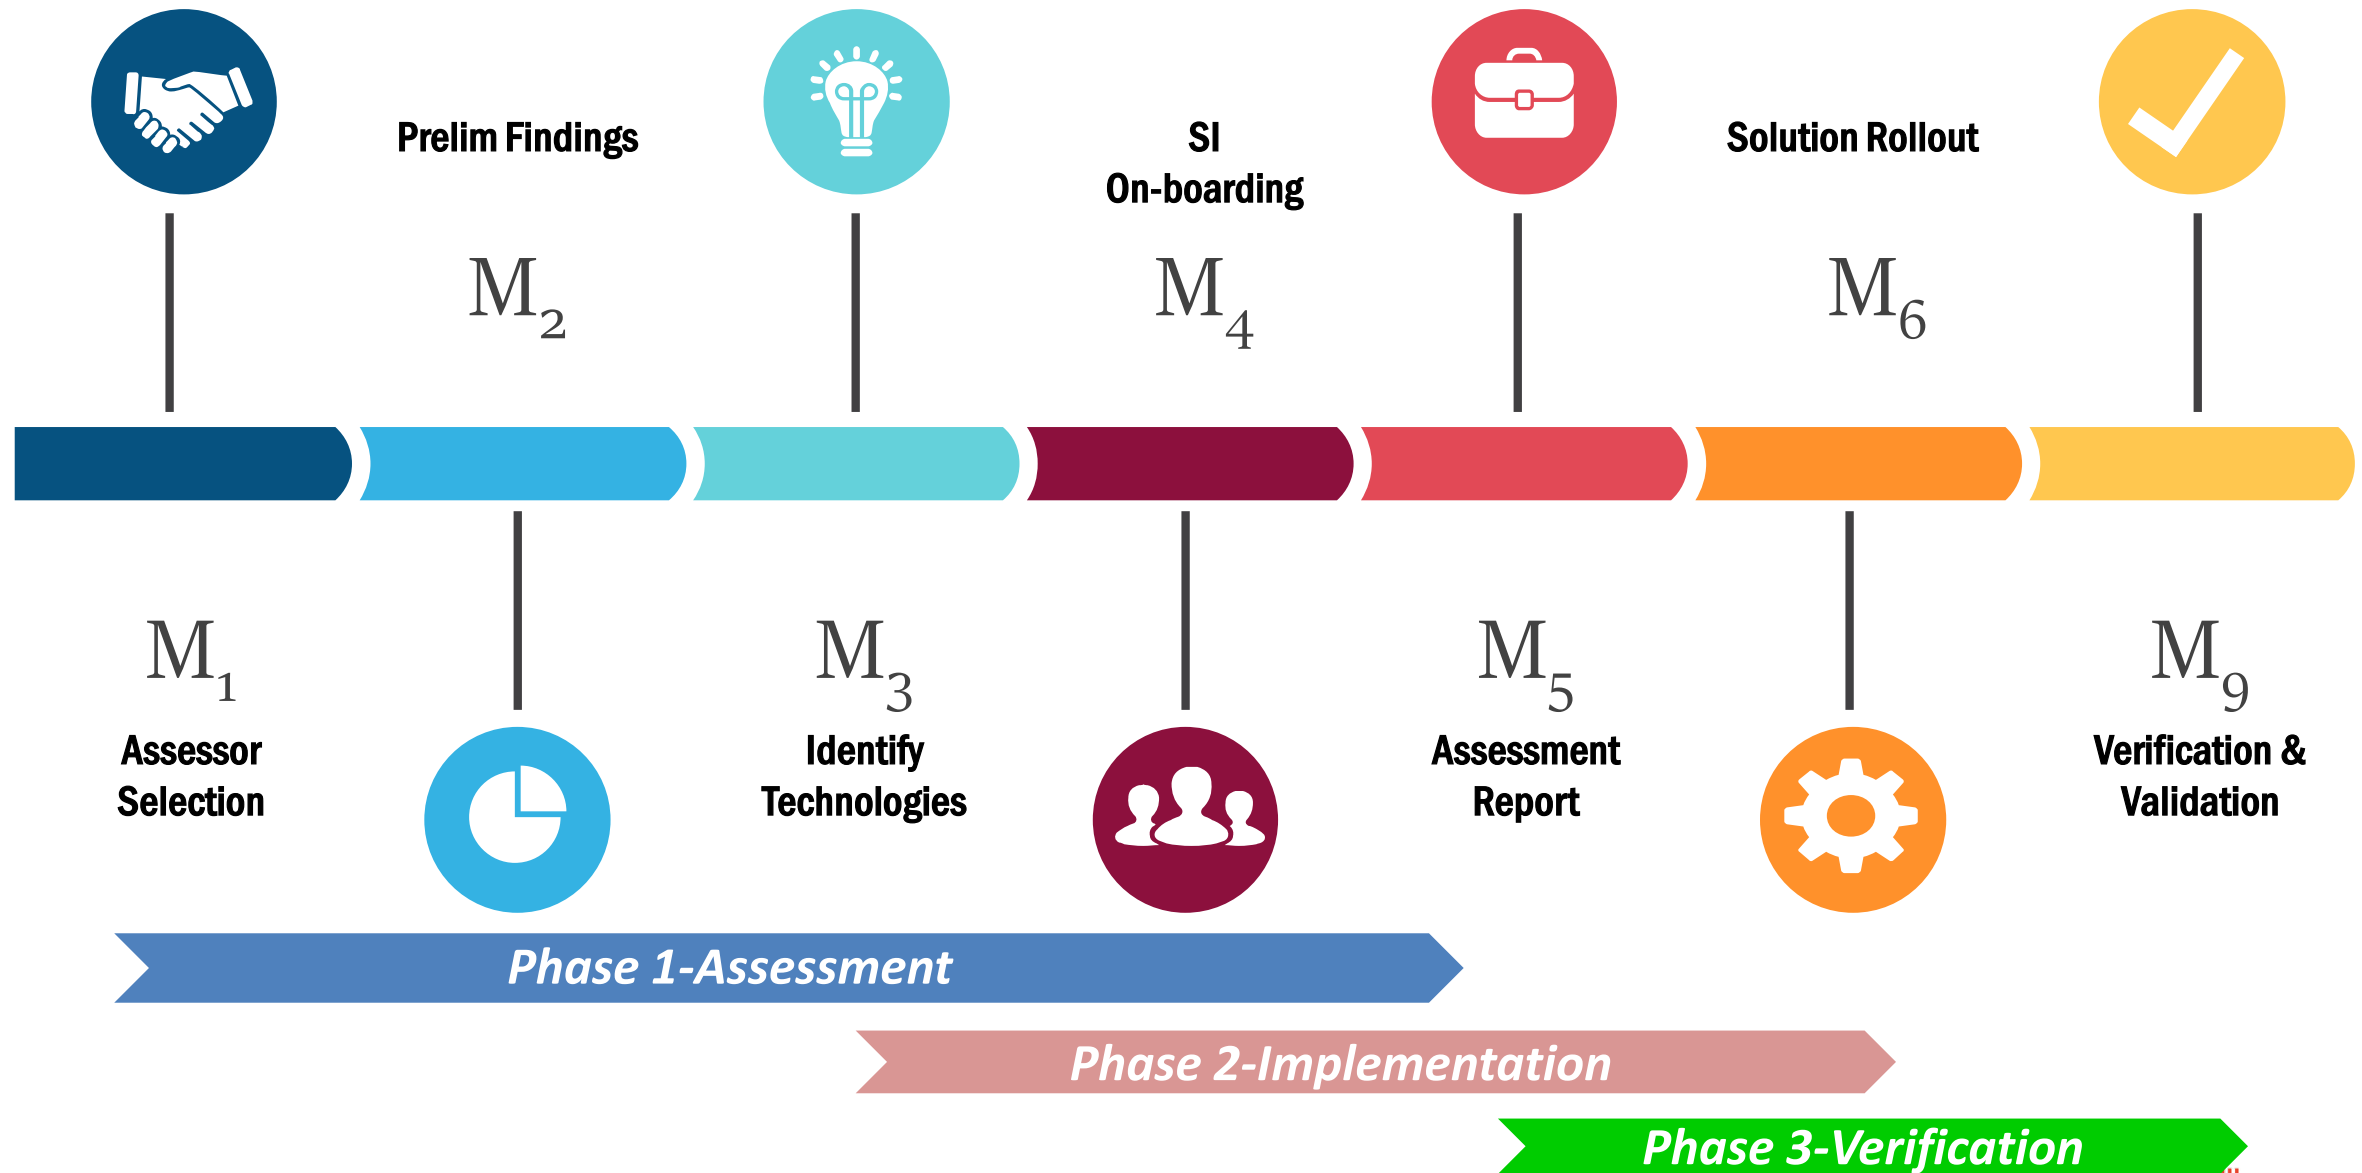

Engage **Big4** for performing assessments and designing frameworks

Leverage **niche technology** companies for implementation

Selected **Big4** to do the verification of implementation

Cybersecurity Mitigation Timelines

Proposed BCP / DR Sites

IN CASE OF PRIMARY SITE FAILURE APPLICATIONS USERS CAN CONNECT TO SERVERS OF BCP SITE OR CAN EVEN PHYSICALLY MOVE TO WORK FROM BCP SITE IF PRIMARY SITE IS NON FUNCTIONAL

BCP / DR: Budget and Timelines

Application	Current Site	BCP/DR Site	Cost in (₹) Lakhs		Timelines in Months
			**Capex	*Opex	
Gurgaon HIS	Gurgaon DC	Mini DC at Jivaka	610	15	10
EMR App	Gurgaon DC	Mini DC at Jivaka	16	15	10
Patient Portal	Gurgaon DC	Mini DC at Jivaka	16	15	10
SAP	Gurgaon DC	Patna DC	27	5	7
LIMS	Gurgaon DC	Lucknow DC	29	5	7
OPD Pharmacy	Gurgaon DC	Patna DC	25	5	7
HRMS	Gurgaon DC	Lucknow DC	30	5	7
Total Estimated Capex & Opex			753	65	

** Capex includes costs of Infra and software licenses

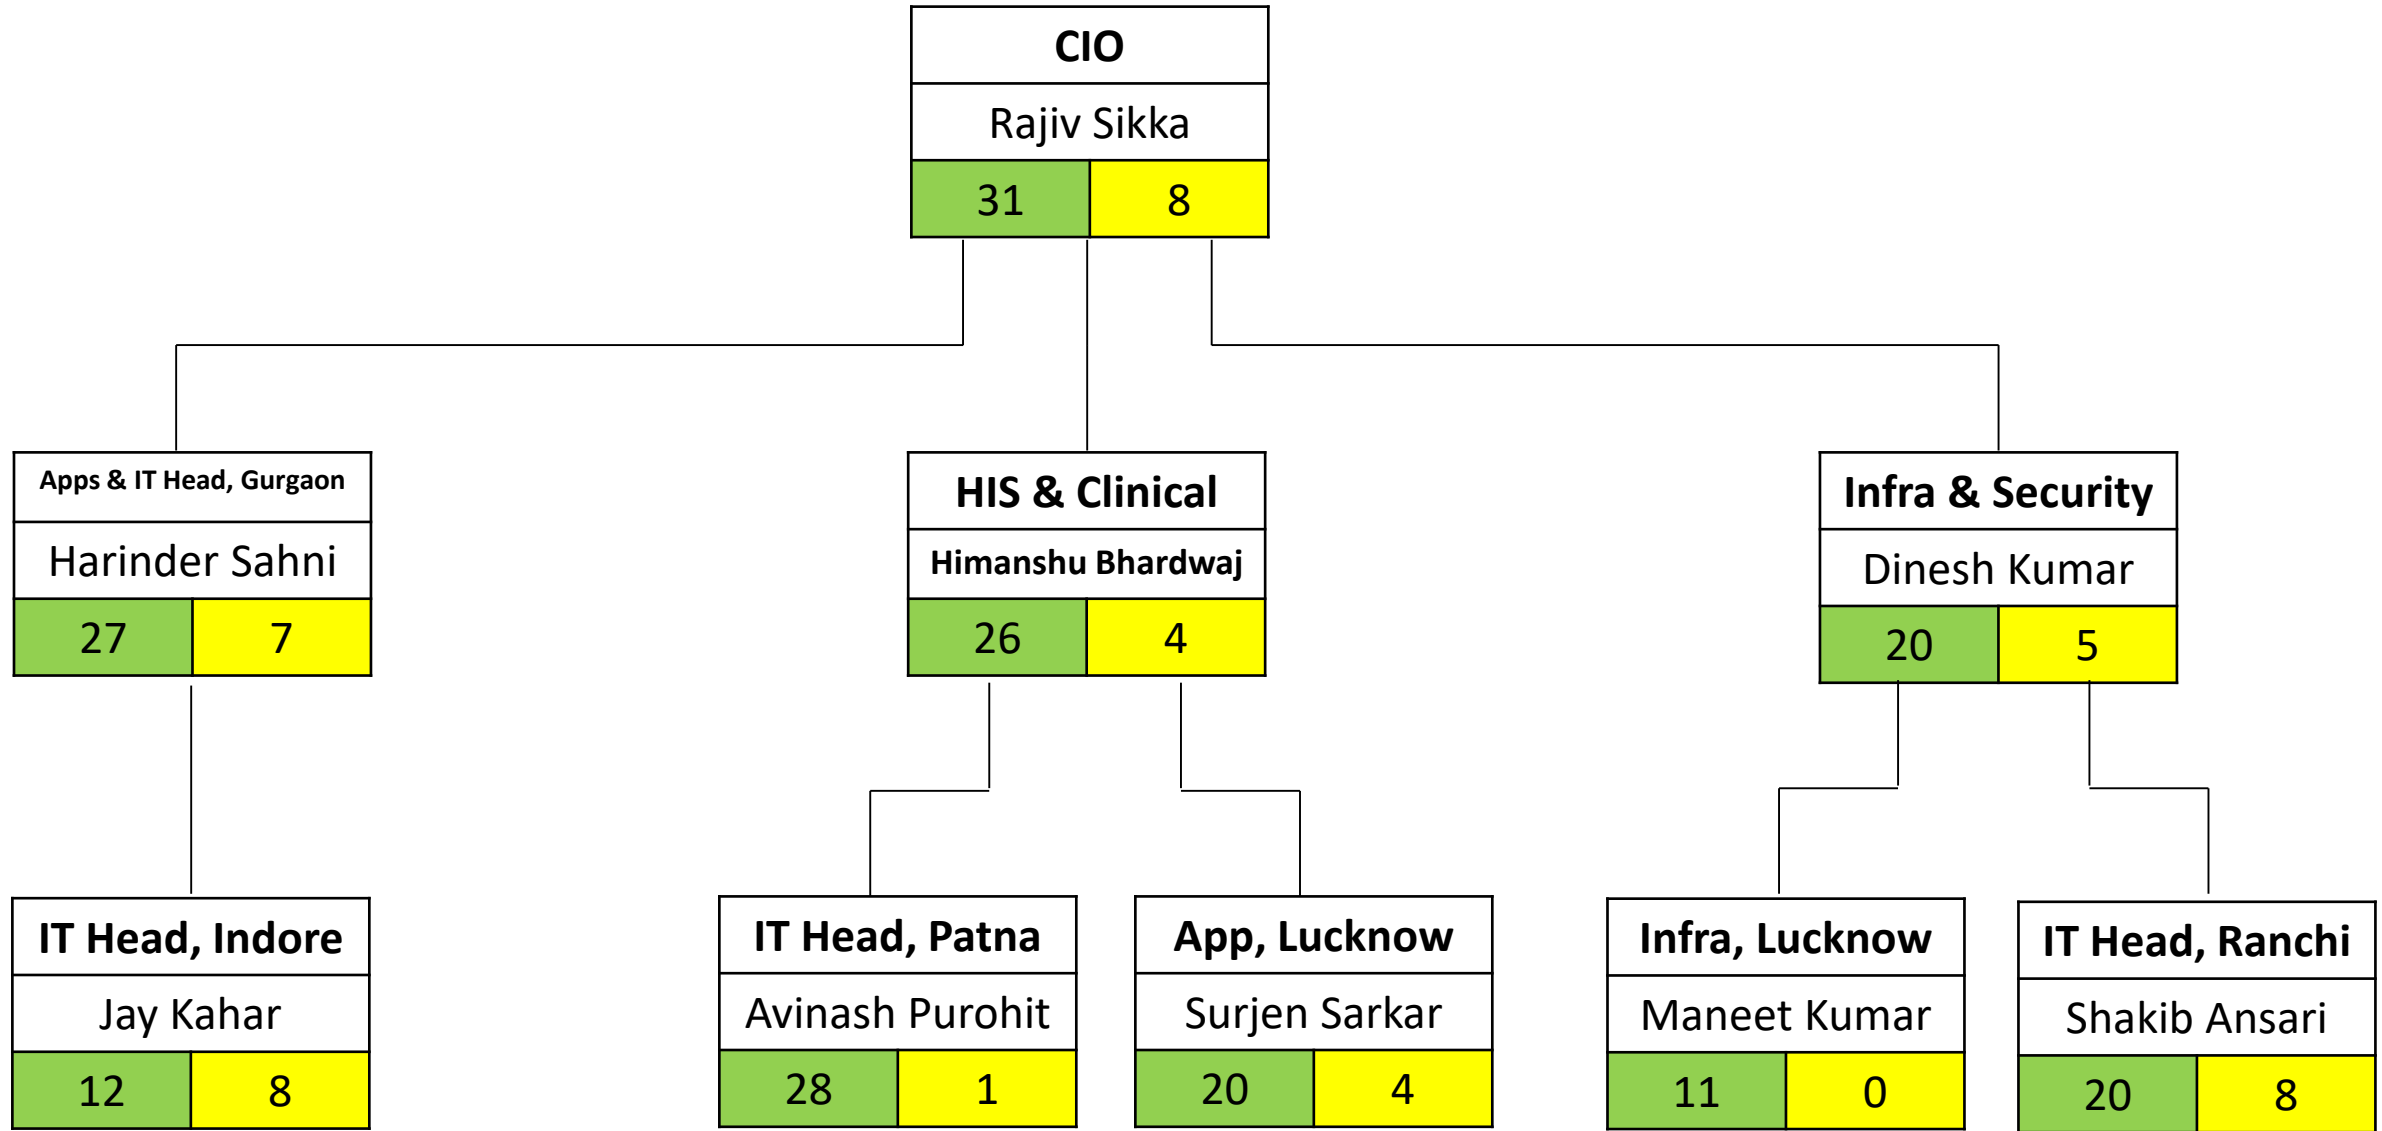

- Opex cost is per annum and includes cost of network connectivity, man power and operation
- Lucknow HIS, Patna HIS, BI and other applications will be considered in next phase

Data loss elimination | **Minimize critical process interruption** | **Continuity of business**
